JACOB DAVIS

Technical Support Specialist & Systems IT Professional

Omaha, NE | jacobdavis.tech | jacobdavissupport@gmail.com | Flexible availability, any hours

PROFESSIONAL SUMMARY

Technical Support Specialist with 8+ years of experience across SaaS, POS, fintech, and broadband infrastructure platforms. Currently at DoorDash supporting SMB restaurant clients with a full-stack online ordering solution—spanning white-label AI websites, branded iOS/Android mobile apps, end-to-end DNS & SSL lifecycle management, menu operations, loyalty programs, and Mode Analytics SQL reporting. Repeatedly recognized as a top performer in VOC, NPS, and CSAT across every role held, bridging deep root-cause diagnostics with clear customer communication and cross-functional engineering advocacy.

CORE TECHNICAL COMPETENCIES

AI, LLMs & Knowledge Ops:	Prompt Engineering, LLM Performance Monitoring, Human-in-the-Loop (HITL) Workflows, Knowledge Base Curation, Scribe SOPs
Web, DNS & Data / APIs:	DNS Lifecycle (A, CNAME, TXT, MX), SSL/TLS Provisioning, Mode Analytics (SQL), Postman REST APIs, Webhook Debugging, Python, HTML/CSS
Networks, POS & Hardware:	TCP/IP, DHCP, Subnets & VLANs, Android POS & Kiosks, Thermal Kitchen Printers (KDS), EMV Card Readers, Log Analysis, RDP/TeamViewer/AnyDesk
Enterprise, ITSM & OS:	Salesforce, Zendesk, Atlassian Jira & Confluence, Okta IAM, Google Workspace, Microsoft 365, Windows, macOS, Android, iOS, Linux

PROFESSIONAL EXPERIENCE

Technical Support Specialist – Storefront (SMB) — DoorDash · Remote *Oct 2025 – Present*

- Manage the end-to-end website and domain lifecycle for hundreds of SMB restaurant storefronts—handling custom domain provisioning, DNS configuration (A, CNAME, TXT, MX), SSL/TLS certificate troubleshooting, and hosting operations.
- Support full-stack online ordering packages spanning custom white-label AI websites and branded iOS/Android mobile apps across Apple App Store and Google Play.
- Author SQL queries in Mode Analytics to analyze order throughput trends, detect platform error spikes, and drive data-backed engineering escalations.
- Design and troubleshoot automated SMS/email marketing campaigns and loyalty rewards programs to boost merchant retention.

Technical Support Specialist — 365 Retail Markets · Remote *Jul 2023 – Jan 2024*

- Provided enterprise support for unattended micro-market vending POS kiosks—resolving payment processing, card reader firmware, cloud reporting, and OS-level escalations.
- Leveraged Postman API to test payment gateway endpoints, validate JSON webhook payloads, and isolate transaction timeout failures via remote desktop diagnostics.

Tier 2 Customer Care Expert (Kitchen & Network Escalations) — Toast · Omaha, NE *Dec 2019 – Nov 2022*

- Owned Tier 2 technical escalations via Salesforce queues, live phone transfers, and Slack—resolving mission-critical Android POS, thermal kitchen printer, TCP/IP subnet, VLAN, and DHCP issues.
- Coached Tier 1 agents in real time and partnered with engineering, product, and onboarding teams by filing reproducible API and SaaS bug escalations in Jira.

Global Financial Customer Solutions Teammate — PayPal · Omaha, NE *Dec 2017 – Mar 2019*

- Investigated complex account inquiries, transaction histories, identity verification workflows, and fraud claims in strict compliance with banking and PII regulations.

Field Service Technician & Tier II Data Support — Bear Communications (2017) & Cox Communications (2015 – 2016) · Omaha, NE *2015 – 2017*

- Resolved Tier 2 residential/commercial broadband connectivity escalations, diagnosed regional node outages, installed field infrastructure, and supported frontline agents on internal diagnostic tools.

AWARDS, KPI DISTINCTIONS & COMMUNITY LEADERSHIP

- **Top Performer in Customer Satisfaction KPIs (VOC, NPS & CSAT):** Consistently ranked at the top with multiple performance awards across every support role held.
- **"Lead with Humility Toasty" Peer Recognition Award (Toast, 2022) & 2x Spot Awards (PayPal, 2018 & 2019):** Honored for Tier 1 agent mentorship, cross-team collaboration, and calm execution during high-severity outages.
- **Community Technology Mentor — Do Space Omaha (5+ Years):** Hosted Tech Help Tuesdays, mentoring citizens of all ages through hardware diagnostics, networking, malware removal, and coding basics.

EDUCATION

University of Nebraska at Omaha — Political Science & General Studies Coursework (2010 – 2011) | **Omaha North High Magnet School** — High School Diploma · 3.5 GPA · Top 25% of Class
